DEVELOPING THE GIFTS OF EVERY CHILD

At Greater Saskatoon Catholic Schools we are grateful for the many ways in which we are enriched by First Nations, Métis and Inuit (FNMI) students and their families. FNMI students and families add great value to our schools and school communities. Indigenous knowledges, cultures and languages are integral to the growth and development of both Indigenous and non-Indigenous students. We are committed to the success of FNMI students and work in conjunction with parents and families to support student success. In collaboration with Indigenous organizations, we provide culturally-informed resources, programs and learning opportunities. Knowing our Indigenous students through the opportunity to self-declare helps to ensure we provide an environment of belonging and success for all students.

Q&A

What are the Benefits of Self-Declaration at the School Level?

- * Teachers and staff work to better represent FNMI histories, cultures and perspectives
- * Teachers and staff better understand FNMI student's needs and aspirations
- * Schools are able to provide appropriate resources so all FNMI students will succeed in the classroom
- * Increased collaboration among FNMI community organizations and the school to support student learning.

Who Will have Access to my Child's Self-Declaration Information?

The information is shared with the Ministry of Education and the Greater Saskatoon Catholic Schools administrative and teaching staff. This information is regulated and protected in accordance with provincial privacy legislation.

Committed to making every student feel safe, inspired, and empowered
