### Message from Administration

**Dear St. Lorenzo Families,**

Happy New Year and welcome back to another great term! We hope you had a memorable Christmas break with your loved ones.

Staff appreciation is the week of Feb 10- 14. The theme is "Heroes of Education." Our amazing staff work hard to support our students. Please reach out to your child's teachers and EA's with a thank you note to appreciate and motivate them to continue doing the great work that they do!

Our Kindergarten Open House is on Thur. Jan 30th<sup>1</sup>. If you know of any families with kids that will be 5 years old as of December 31<sup>st</sup>, 2025, please let them know.

It is with mixed emotions that Mr. Leschyshyn and I, announce our upcoming retirement at the end of this academic year. Serving this community has been an honor, and we are deeply grateful for the experiences, relationships, and memories we have shared together.

During our time here, we have had the privilege of working alongside dedicated educators, supportive families, and, most importantly, incredible students who inspire hope for the future. Together, we have achieved milestones, embraced challenges, and celebrated successes that reflect the strength and spirit of our school community.

Though we will deeply miss being part of the day-to-day life at St. Lorenzo, we are confident that the school will continue to thrive under the guidance of the new admin team and the dedicated staff.

New Admin placements are usually shared sometime in May. Stay tuned.

As always, feel free to call or stop by if you have any questions or concerns.

Maria Monteiro ~ Principal

Kevin Leschyshyn ~ Vice Principal

### Winter

As we all know it's getting colder outside! Please make sure that your kids are dressing for the weather— winter jackets, toques, mittens, scarves and a change of clothes.

**We recommend that all outdoor  
clothing is labeled.**

### Cold Weather Policy

As outlined by Health Canada and our School Division, when the temperature reaches -27°C or lower (including wind chill), all students will remain indoors for safety. When the temperature is above -27°C, students may go outside for recess.

We appreciate your support in ensuring the safety and well-being of our students during colder weather.
