### Time Zones

Dates and times in Edsby are stored in a universal format and automatically translated to the local time zone of an individual based on the operating system of the individual's device. When booking parent teacher interview times, Edsby enables automatic detection of cases when the parent's computing device is set to a different time zone than that of the school. This prevents parents from booking an interview slot at an unanticipated time when the time zone difference has gone unnoticed. If a parent is booking a parent teacher interview time slot from a time zone different than that of the school, Edsby will remind them and offer to translate the displayed

times to the time zone of the education organization, if the parent prefers. **Click the button to switch the times to the school's time zone.**

**Parent-Teacher Interview Schedule: May Interviews - Grades 4-8**

All times are in your local timezone. Click here to switch to the School's timezone.

If you would like to change the schedule, click the Make Changes button.
