#### History of Bishop James Mahoney High School

Bishop James Mahoney High School opened in 1984 and is named in honour of the Most Reverend James P. Mahoney, former Bishop of Saskatoon, in recognition of his many contributions to Catholic Education. Prior to his appointment, Bishop Mahoney was a classroom teacher at St. Paul's High School and E. D. Feehan Catholic High School and was the first Principal of Holy Cross High School. During his episcopate, Bishop Mahoney remained interested and involved in Catholic education. His involvement and enthusiasm were a continuing source of leadership for Saskatoon Catholic Schools. He achieved national recognition as a supporter of Catholic education and as a speaker in the field of education.

#### **Code of Conduct**

## **Background**

The Bishop James Mahoney High School Code of Conduct, created by students, staff and parents, defines the values and vision of the school community in which all relationships are conducted in a respectful and dignified manner. Catholic schools share, with parents, the responsibility to develop students' personal and social skills to achieve this vision. Consequently, we believe:

Each person within our school has the right to feel emotionally and physically safe.

Each person has the responsibility to contribute to a safe, positive learning environment.

# **Expectations For:**

#### Students

- In accordance with the Education Act, students are accountable to the school coming to and from the school, during the school day including the noon hour and during school sponsored activities such as field trips, and social or sporting events.
- 2. attend school regularly and observe the rules of the school,
- 3. participate willingly in the learning program,
- 4. relate to all members of BJM with a basic level of respect
- 5. respect others' safety, wellbeing, and property,
- 6. be accountable for behaviour and responsive to reasonable, related, and respectful consequences and
- 7. participate in creating a safe, positive environment conducive to learning.

#### School Staff

- 1. participate in creating a safe, positive environment conducive to learning,
- 2. maintain the school code of conduct and
- 3. involve students in developing classroom discipline practices which utilize reasonable, related, and respectful consequences that will model, teach, and reinforce appropriate behaviour.

#### Parents/Guardians

- 1. support their child(ren) in regular and punctual attendance at school,
- 2. support their child(ren) in the completion of homework assignments,
- 3. participate in creating a safe, positive, learning environment and
- 4. work and cooperate with the school to resolve concerns involving their child(ren).

#### **Incident Resolution For:**

#### Students

The Education Act states, "In all cases, students will be subjected to such discipline as would be exercised by a kind, firm and judicious parent." With this in mind one must recognize and appreciate that there is no "formula" for dealing with unacceptable behaviour. Each incident that is brought to the attention of the school administration will be handled as the situation requires.

# Staff

Conduct for staff is governed by collective agreements and locally developed school board policy. Concerns related to the conduct of staff are directed to the principal for follow-up.

#### Parents/Guardians

The Education Act states that school staff take the role of a "kind, firm and judicious parent" in matters of student discipline. By extension, parents engaged in unacceptable behaviours affecting students, staff, or other parents within the jurisdiction of the school can expect a school official to respond on behalf of our school community. There may be a review followed by an attempt at resolution.

## **Academic Programs**

#### **Catholic Studies**

Bishop James Mahoney High School is a Catholic high school and as such, the life and activities of the school are to be filled and governed by the Spirit of the Gospel. They are to flow out of and express the underlying mission of the school.

- Catholic Studies is an integral and vital part of the education and formation of each student in the school.
   The objective remains to encourage in students a deep and life-long love for Jesus Christ, the Catholic faith, the Church, the Sacraments, and prayer-life. Liturgical celebrations throughout the school year support this objective.
- □ Participation in the Catholic Studies program is compulsory. A major component of the Catholic Studies program is the Catholic Action Project. Students must complete the Catholic Action Project in order to get credit for the class.

# **Mainstream Program**

The mainstream program provides a regular course of studies from Grade 9 to Grade 12. In order to graduate from Bishop James Mahoney High School, a student must have a minimum of 24 credits from Grades 10, 11 and 12. Included in these credits are several required courses, some determined by the Ministry of Education, and some determined by our school division. Please contact student services if more information is required.

# **Health & Sciences Academy**

The Health & Sciences Academy at Bishop James Mahoney High School is an exciting program that gives students a one-of-a-kind high school experience. Students are engaged in unique classes that emphasize hands-on learning, critical thinking, collaboration, creativity, and communication. Upon completion of the program, all students graduate high school and gain an advantage for post-secondary education in related fields. The HSA student experience is unique both in and out of the classroom and includes partnerships with post-secondary institutions and local organizations, industry certifications, and opportunities to gain both high school and post-secondary credits. Currently, this includes the opportunity to take University of Saskatchewan Biology 120.3 and Math 110.3 at BJM as well as a number of dual credit SK Polytechnic courses. Additional post-secondary class offerings are currently being explored. For more information visit www.gscs.ca/hsa

#### **Advanced Placement Program**

The Advanced Placement or AP Program offers college level courses and the opportunity to obtain university credits to students in Grade 12. The courses are designed to offer a challenging and internationally recognized program for academically motivated students.

At Bishop James Mahoney High School, French Immersion students have an opportunity to challenge the AP French Language exam and students enrolled in Visual Arts 30 may produce a Studio Art portfolio for submission to the College Board. AP English Language Arts is also offered.

#### **French Immersion Program**

The French Immersion Program is designed as a natural continuation of the highly successful program offered in the elementary schools of the Greater Saskatoon Catholic School Division. The main objective is to provide an exciting and stimulating environment in which students have the opportunity to continue their education in French. At the same time, the program is carefully balanced to enable students to select from as wide a range of options as possible. In Grade 12, French students also have the possibility of preparing to write the French Advanced Placement exam. Students enrolled in the French Immersion program are expected to speak French during their French classes.

# **Modified Program**

The Modified Program at Bishop James Mahoney High School is designed to provide an educational opportunity for students who have difficulty with the mainstream program.

Students who take modified courses will receive modified level credits (11, 21, and 31) within the mainstream classroom for some academic courses. Students may enroll in a partial or a complete modified program. Placement in and removal from the program will be coordinated by the Vice Principal and the Student Services Department in consultation with the student, parents, and teachers.

While modified credits are recognized by the Ministry of Education and our school in determining graduation status, these courses do not meet university entrance requirements or the entrance requirements for some of the programs offered at Sask. Polytech.

#### **Additional Education Programs**

This program is designed for students with special needs who are unable to fulfill the requirements for regular or modified credits in the mainstream program. This program consists of four components: integration in the regular classroom, tutorial, career and work exploration and extracurricular involvement. The spiritual, personal, and academic growth of each student is the focus. The Additional Education Program consists of:

#### **Alternative Education Program**

Alternative Education level courses are designed to meet the special needs of students who require curricula that are significantly different from those available in the modified level of the English Program. These courses are identified using an "8" e.g. MAT18, 28, 38.

#### **Functional Integrated Program**

These courses are designed for students with intellectual disabilities. The program involves integration in the mainstream classroom, community, work experience, tutorial, life skills and social skills programs.

# English As an Additional Language (E.A.L.)/English as A Second Dialect (E.S.D.)

The English as an Additional Language/English as a Second Dialect Program is designed for students whose first language is not English or whose dialect is a variation of English. EAL/ESD students are provided with a variety of opportunities to develop their English. The content is individualized with a balanced emphasis on speaking, reading, writing, and listening. The amount of time spent in EAL/ESD depends on the individual's needs. Tutorial classes are offered to help the student in other academic areas. Tutorials are non-credit courses.

# **Greater Saskatoon Catholic Cyber School**

Greater Saskatoon Catholic Cyber School continues to serve the needs of students currently registered in the Greater Saskatoon Catholic Schools by providing programming options for students in Grade 9-12. Due to the speed at which these offerings are changing, a complete list of current offerings and registration information can be found at: <a href="https://www.gscs.ca/cyb">https://www.gscs.ca/cyb</a>

# **Student Learning Behaviours**

GCSC Division believes that a student's attitude towards learning greatly impacts their academic success. Learning Behaviours will be reported on the Progress Reports. How well students perform the learning behaviours does not become part of their final grade, unless the Saskatchewan curriculum specifies that one or more of the behaviours is a learning goal for a specific course.

#### **Assessment Supports**

There are a few options for students who are unsuccessful in a class, are going to miss significant chunks of class time or need extended time to complete a course. **All supports listed are at the discretion of the classroom teacher and administration and may not be appropriate in all situations.** 

## Before the Class End Date:

# Credit Support - Majority of outcomes are completed with the home school

- Support for an ongoing class
- o Incomplete outcomes/units are completed through cyber school
- When a student finishes the outcomes through cyber school, marks are sent back to the home school, where the grade is finalized and submitted
- o e.g., when a student goes on an extended leave

# Credit Completion - Majority of the outcomes will be completed with cyber school

- The home school sends the completed outcomes and corresponding marks to cyber school.
- o When a student finishes the outcomes through cyber, cyber finalizes and submits the grade.
- o e.g., when a student goes on an extended leave
- Whoever addresses the most outcomes will submit the mark.

# After the Class End Date:

# Credit Extension - Before marks are submitted to the ministry

- Primarily in the school
- o Original mark could be a pass/fail
- Override final mark to INC
- Finish work in timeframe (~ 1 week dependent on ministry mark submission date)
- No paperwork required for the Ministry
- Teacher provides and assesses the work

# **Credit Recovery - After mark submission**

- o Recovery plan is required
- o Mark of 40%+ (or less in exceptional circumstances) or disruption in enrolment and provided the opportunity to complete the course without starting over
- o Override final mark to INC in the course
- Min 50% attendance
- o Recovery must be completed within 30 days and if over 30 days we must resubmit the plan.
- o Must be applied for within 5 days of course end date
- o Teacher/Cyber provides and assesses the work

#### **Student Services**

#### Chaplaincy

Bishop James Mahoney High School is founded on Catholic Christian beliefs and at the heart of our philosophy is the opportunity for every student and staff member to grow in faith and be given support in life's journeys. Mrs. Chevrier, our school chaplain, helps provide this opportunity by:

- Being present to staff and students in the development of their own faith lives.
- Building community and celebrating faith in the school and with the greater community.
- Coordinating prayer, liturgical services, and daily devotions for the school.
- Providing prayer support for people in all of life's circumstances.
- Preparing masses and liturgical celebrations including Divine Liturgy.
- Collaborate in coordinating charitable activities such as food and clothing collections.

With the other members of the school community, our chaplain plays an important role in spiritual guidance by providing support, comfort, and direction, remembering community members in school prayers, helping students new to Bishop James Mahoney High School, and helping students who are experiencing difficulties at home or in school.

#### **Counsellors**

Counselling services address a variety of needs and occur in several different settings. Individual counselling may be utilized to deal with specific problems regarding academic concerns, personal and social concerns, timetable changes, credit evaluation, career plans, post-secondary institutions, scholarships, or other areas of interest to the student. Individual counselling is confidential; however, when necessary, the counsellor may wish to consult with teachers, parents, administrators, social services personnel, or professional psychological services. Every attempt is made to protect the privacy of the individual student. Referrals are made by students, parents, teachers, or administrators. Counsellors also coordinate the Career Development Strategy for all grades, a career education program delivered in the classroom.

#### **Social Worker**

A social worker is available during certain times throughout the week to help students who are experiencing difficult personal problems related to family situations, truancy, financial concerns, etc. This service also includes home visits and possible school placements.

#### Restorative Action Program (RAP)

The purpose of this program is to help students manage conflict that occurs in their lives, whether it is at home, at school, or in the community.

Once a program has been selected and a timetable has been created for a student, timetable changes will be made for legitimate reasons only during the first few days of each semester.

# **Athletic Policy**

# Philosophy,

Bishop James Mahoney High School is a Catholic high school, and its' mission is to assist parents in the development of their children in academic, spiritual, physical, and social growth. The athletic program is an extension of the school's instructional, intramural, and recreational programs and as such provides an opportunity for such growth. It should be viewed as an enrichment opportunity for students who display strong interest and/or ability in sport or athletics. Inter school athletics are an integral part of the total educational process, providing each participant with the opportunity to learn and grow according to the Gospel values of justice, freedom, and charity. The inherent principle of the Athletic Program is to help young people develop skills that will be a significant and a positive part of their lives.

# **Objectives Of The Athletic Program:**

- 1. to help students develop a love of sport and physical activity
- 2. to help students develop sport specific skills
- 3. to help students develop a strong work ethic and a sense of commitment
- 4. to help students strive for excellence
- 5. to help students develop the ability to win with humility and lose graciously
- 6. to help students demonstrate the characteristics of honesty, sportsmanship, leadership, and fair play
- 7. to help the student body develop a wholesome school spirit

#### **Policies And Procedures**

#### **Team Selection**

All students participating in the program must adhere to the eligibility requirements as outlined by SHSAA and SSSAD.

- 1. A team will be selected only after a fair and impartial evaluation by the coach at the beginning of the sports season. Normally "cuts" from a team would not be made before the end of the second or third practice, particularly at the junior level. If a student does not feel they have been given a reasonable opportunity to make a team, they should approach the coach and will usually be given an additional opportunity to demonstrate their strengths.
- 2. Grade 9 and 10 students are encouraged to play on junior teams respectively. Except in exceptional circumstances, senior teams should consist of only Grade 11 and 12 students. Decisions involving students playing above their grade level will be made by the coach after consultation with the parents and the principal.
- 3. Final team selection is left to the discretion and judgment of the coach and school staff.

#### **Playing Time**

1. Junior Teams:

Junior sports are developmental in nature and games, or matches are participation based. If a player attends practices regularly, works hard and displays good attitude, they can expect a fair share of playing time regardless of their ability. The exact amount of playing time is determined by the coach and it might be expected that in year-end tournaments or championship games (where they exist) coaches may choose to substitute more sparingly.

#### 2. Senior Teams:

Senior sports are more competitive by nature. The amount of playing time that each player receives will be dependent upon several factors including ability, relative importance of the game or match, score, grade level and other factors determined by the coach. It is expected that coaches would define and express a meaningful role for each team member that provides the opportunity to learn and grow.

# **Expectations**

#### **Athletes**

- 1. attend all practices and games,
- 2. represent themselves and their school in a positive fashion before, during, and after athletic contests,
- 3. take pride in honest effort and work toward improvement of their abilities
- 4. initiate dialogue with the coach if an issue regarding role or playing time should surface,
- 5. this dialogue should be initiated during the school day away from the practice or playing field.

#### Coaches

Exemplify good deportment and leadership.

- 1. inspire a love of the game and a desire to compete fairly,
- 2. display confidence in the honesty and integrity of opponents and officials,
- 3. make corrections and coaching points in a positive reassuring manner,
- 4. communicate with students regarding each of their roles on the team.
- 5. the role will provide the opportunity for students to learn and grow,
- 6. where practical, coaches will attempt to meet with the parents at the beginning of the year to discuss the following:
  - a. Philosophy
  - b. coach's expectations
  - c. schedule of practices
  - d. travel to games/tournament(s)
  - e. financial issues
  - f. establishment of a channel of communication between coach and parents

Bishop James Mahoney High School has a Code of Conduct which defines the values and vision of the school community in which all relationships are conducted in a respectful and dignified manner. In our school, each person has the right and responsibility to contribute to a safe, positive learning environment. It is with this vision the issue of bullying will be dealt with.

The following definition of bullying will be used:

Bullying behaviours are negative, hurtful acts that are intentional and repetitive. These behaviours involve a misuse of power to cause physical, verbal, or indirect abuse of another person.

Bullying can come in many forms. It can look like (but is not limited to):

-arguing-punching and kicking-silent treatment-beating-cyber bullying-slapping and hitting-exclusion-taking things-shoving and poking-gossiping-taunting-withdrawing

-name calling-throwing things

The creation of a positive learning experience for students at Bishop James Mahoney High School requires a high degree of responsibility from the students. Expectations for students:  refuse to be involved in an act of bullying speak out against bullying – bystander support is critical be observant of signs of distress or suspected incidents of bullying report incidents of bullying or suspected incidents of bullying to a staff member and/or parent get help from an adult			
If an incident of bullying is reported to the administration the following steps will be taken:  interview with the bully/bullies − separate from the victim/victims  interview with the victim/victims − separate from the bully/bullies  document and retain information  inform parents of those involved  inform staff (when necessary)			
Consequences for students who display bullying behaviours are carefully considered and may include (but not are limited to):  creative problem solving  counselling  community service  detention  formal written apology  involvement of the Saskatoon City Police			
<ul> <li>□ loss of school privileges</li> <li>□ mediation</li> <li>□ suspension</li> <li>□ withdrawal from a specified course(s)</li> <li>□ withdrawal from school and/or relocation</li> </ul> Appropriate Dress			

Catholic Schools are 'Places of Welcome' where God can be encountered. We strive to create conditions where everyone feels valued, safe, and has a sense of belonging. The intent of developing dress guidelines is to support a respectful and safe environment; it is not meant to be prescriptive or punitive.

Teaching dignity and respect to children and adolescents means awakening in them respect for the human person. Therefore, it is important that dress guidelines be consistent with the inner character qualities that we endeavor to nurture within our students.

We recognize that decisions about dress reflect individual expression, socio-cultural norms, and economic factors, and that they are personal and important elements of a person's well-being. Students have the right to express themselves, feel comfortable and have the freedom to make dress choices. Students have the responsibility to make dress choices that ensure dignity and respect for themselves and for others.

Certain requirements for student dress may be outlined for safety purposes or specialized activities. Examples of such activities include field trips, play days, PAA courses, art activities and Physical Education. Where students are engaged in Work Experiences, then dress requirements at these locations must be respected.

Criteria to be used in discussing Student Dress Guidelines include:

- dignity and respect for all
- age of the students
- ability to identify students (i.e., any coverings that obscure the face)
- safety considerations.

School Dress Guidelines include the following examples of what is inappropriate:

- clothing or other accessories that promote or symbolize drugs, alcohol, tobacco, illegal activity, racism, violence, sexualized slogans or images, pornography,

obscene designs or words

- wearing undergarments as outer wear
- gang-related styles or symbols.

When there are differences in opinions in terms of student dress appropriateness, all involved have a duty to ensure dignity and respect is maintained.

In the case where a student is required to remedy inappropriate dress, a variety of options will be presented that maintains the dignity of the student.

#### **Tardiness**

Students are expected to be in their desk or designated place precisely when the clock indicates the time for the commencement of the class. Teachers will indicate to students the designated place. Students are considered late if they are not in their desk or designated place when the clock indicates the time for the commencement of the class.

Students who are detained by a staff member at the end of a period should obtain a note from the staff member and present it to the teacher in the next class. Students who feel they are justified in being late should state the reason to the teacher. If the reason stated is judged valid, the tardiness will be excused.

If tardiness becomes an issue, a teacher may assign consequences and/or contact the home. Students with chronic lates may be referred to one of the Vice Principals and will be dealt with on an individual basis. Students will be subject to appropriate consequences.

- 1. To varying degrees, unacceptable behaviours reflect lack of responsibility and respect for self and others.
- 2. Unacceptable behaviours are recognized as serious. They will be dealt with immediately to determine cause and consequences. Dealing with unacceptable behaviour in this manner, it is hoped, will provide opportunities for learning appropriate behaviour.
- 3. Unacceptable behaviours apply to students, staff and parents and are inappropriate considering our school values, beliefs, and code of conduct.

#### **Unscheduled Time**

Some students in Grades 11 and 12 may have spares. These students must be in one of three places: the Resource Center, the Commons or off the school premises. Students with unscheduled time must not loiter in corridors, stairwells, or front entrance/fountain area, and must not be in the parking lot.

#### **Visitors**

To assist in maintaining a safe, positive environment for our students, we ask that visits by members of the community other than parents, be minimized. If it is necessary to meet at the school, the following represents some general guidelines:

Upon entering the school, proceed to the Main Office and have a secretary page the person and remain at the Main Office until the person arrives.

The area designated for such meetings is adjacent to the Main Office. Please conduct your meeting at this designated area. Loitering by members of the community who are not part of the Bishop James Mahoney High School family will not be tolerated. Such individuals will be asked to leave the school property.

We ask for your cooperation in making these expectations known to friends and acquaintances that are not members of our school community. As well, we would like to remind all our students to respect the policies of other high schools by not visiting them during regular school hours.
