 - a. TRC Calls to Action – Sports and Reconciliation

91. We call upon the officials and host countries of international sporting events such as the Olympics, Pan Am, and Commonwealth games to ensure that Indigenous peoples' territorial protocols are respected, and local Indigenous communities are engaged in all aspects of planning and participating in such events.

What's happening?

Sport Canada has included this call to action in its documents shared with bid and host organizations and other partners that are responsible for developing or supporting major sport event bids. These considerations are also included in Sport Canada's ongoing coordination to develop a national bidding and hosting framework for major sport events involving provincial and territorial governments, as well as other major events partners.
