- A standard fee allows schools to keep supervision costs lower for families and to budget for the amount of supervision required.

**Course fees:**

- Taxes fund public education. All students have a right to core curriculum without additional fees. No required course fees for core classes.
- Schools have a range of electives they can offer that carry additional costs. These additional consumable costs (food, lumber, fabric, etc.) are not funded and schools are not required to offer these experiences. Students are not required to take courses that require a fee to graduate.
- Course fees are similar in each high school and are shared annually with the school community.
