Caring for our Watersheds Contest: Hello Saints! Our school can be part of an amazing opportunity to become news on research excellence and community outreach thanks to Caring for our Watersheds, and the contest they have to feature projects that can answer the question, "What can you do to improve your watershed?". Students must research their local watershed, identify an environmental concern and draft a written proposal containing one realistic solution. Community judges select the top entries to compete at a final, verbal competition for cash prizes. The first 10 projects win money!! **If you are interested in the contest, or wish to know more about it, come to room 215 this week at lunch, and Ms. Marquez will spill the beans for you!** You can look for more information on their website
