

Dear Grade 8 Parents/Guardians of students interested in attending Holy Cross,

You are invited to attend the Holy Cross Grade 8 Parent Open House on **Monday, February 9 at 7:00 p.m.** This event is designed for parents, and students at non-feeder schools to learn more about our school, our programming and tour the building.

The evening will begin with program presentations:

- **English Program** – Theatre
- **French Immersion Program** – Library

Following the presentations, you are invited to tour the school, meet some of our teachers, and ask questions about Grade 9 programming from **7:45–8:30 p.m.**

We will also be offering an additional session for parents focused on our **supportive programming**, which includes Learning Assistance tutorials, Bridge Math, Co-taught Transition, and Supportive Math classes. Registration in Grade 9 supported classes at Holy Cross High School requires parent permission, and we want to ensure families are well informed about these valuable supports.

Students who have accessed supportive programming in elementary school and/or have been recommended for supportive programming in high school are strongly encouraged to continue accessing these supports at Holy Cross. Participation in recommended supportive programming helps students build confidence, have positive learning experiences, and achieve success in high school.

Please note that **supportive program permission forms** are due with **registration forms** on **February 13**.

We look forward to welcoming you to our Grade 8 Parent Open House on February 9.

Sincerely,

**Krista Hayes**

Principal

Holy Cross High School
