5. Student Attendance

To be academically successful, students must attend classes regularly and promptly. Students, parents, and teachers must work jointly to ensure regular and prompt attendance and continual progress in all courses. Parents are responsible for ensuring their child's regular attendance. Please notify the school, prior to the start of classes, if your child is going to be absent that day. You have two convenient ways to report absences, and you can report planned absences in advance:

1. Use EDSBY to indicate when your child will be absent. If you do not have an EDSBY account you will be sent an invitation to set one up at the beginning of the school year. **It is very important to set up an EDSBY account as this is where you will report absences, view marks, report cards, see upcoming exams or assignment dates and communicate with your child's teachers.**
2. For attendance reporting and/or attendance information call 306-659-7656. Message Manager is available twenty-four hours a day and will record your attendance information if the phone line is busy.

6. Extended Absences

Regular student attendance is very important to complete the outcomes for each curriculum. Please do your best to plan vacations at the designated breaks, as extended absences may impact your child's academic success. Options such as cyber school, may need to be considered for extended absences. **Whenever possible, students must fill out an extended leave form at least 1 week prior to missing more than 4 days.**

7. Final exams.

Exams are an essential part of outcome assessment. It is difficult to accommodate absences during final exams. All requests to alter an exam schedule must be made to Mr. Benson, a minimum of three weeks in advance.
