Re: Consenting Stops

Dear Parent/Guardian,

Prairie Spirit School Division provides transportation for students who are eligible for service. Students are considered eligible when their primary residence is located within the attendance area of the school they are attending and outside of the walking boundary.

While Prairie Spirit School Division will make exceptions and will provide transportation services to an alternate location for the purposes of childcare, approval for these arrangements is contingent upon several factors. The location of the childcare provider must also be within the school's attendance area and outside of the walking boundary.

Should you require a bus pass for your child to access transportation to an alternate location for the purpose of childcare, please complete the attached Consenting Stop Form and submit it to your school.

Should you have any questions, please contact our office directly.

Thank you!

Regards,

Jocelyne Possberg
Transportation Manager
