Re: 2024/2025 Primary Residence Transportation Service

Prairie Spirit School Division provides transportation for students who are eligible for service. Students are considered eligible when their primary residence is located within the attendance area of the school they are attending and outside the walking boundary of the school they are attending.

While Prairie Spirit will make exceptions and will provide transportation services to an alternate location for the purposes of childcare, approval for these arrangements is contingent upon several factors. The location of the childcare provider must be a rural registered stop or urban location outside the walking boundary of the attending school, where services occur most school days and can be reasonably accommodated on the existing bus service. The schedule must be consistent and predictable. Alterations to the route will not be approved.

If one of the following statements applies to your child(ren) please submit a transportation request

- Child has never ridden on a PSSD bus.
- Will be attending a different PSSD school other than the one they are currently attending.
- Is currently attending Warman or Martensville high schools
- Will be moving to a new primary residence during the summer months and will require transportation.
- Returning to in person learning from eLearning or home schooling

Transportation request forms for busing to and from a primary residence can be found at [BusPlanner Web - BusPlanner Web \(mybusplanner.ca\)](#) All request forms must be submitted online before June 15, 2024, to be guaranteed busing for September 1, 2024.

Feel free to contact the office if you have any questions at 306-374-2496 or by email at busing@spiritsd.ca.

Thank you.

Sincerely,

Jocelyne Possberg
Transportation Manager
