Tuesday, February 24, 2026

The month of February is also Black Futures Month. Classrooms will be doing some activities to celebrate the history and accomplishments of Black Canadians as well as looking forward to a more peaceful, respectful world for all people of colour.

As we look forward to March, we know that teachers will begin their reading assessments and preparing progress reports. We will be hosting Three-Way Conferences the evening of March 19th and the morning of March 20th. Ms. Kammermayer will send out an Edsby message when conference scheduling is open. We look forward as always to celebrate the successes of our students!

The amazing collaboration with our artist in residence, Amber Bryans, continues in all our classrooms. We would like to welcome Traditional Knowledge Keeper, Nancy Greyeyes, who will be spending time with our students in March, who will be teaching students some land-based knowledge, in conjunction with some of the art projects we are planning with the students.

SafeShip Nursing Program

As your Safe Ship nurses, we feel grateful to be welcomed into such a caring school community. We have quickly seen how important kindness, safety and belonging are to students within this school.

Bullying, whether it happens in the classroom, on the playground or online, can have lasting effects on a child's confidence, mental health and sense of safety. Every student deserves to feel respected and included at school.

During our time at St. Luke, we encourage students to:

- Choose kindness daily. Small, intentional acts of kindness create a strong school culture.
- Speak up safely. Telling a trusted adult when something doesn't feel right is an act of courage.
- Be an upstander, not a bystander. Supporting peers helps prevent harm and builds community.

We are honoured to support the well-being of students during our time here and to work alongside staff and families in promoting a safe, inclusive environment for all!

LIONS EYEGLASSES RECYCLE FOR SIGHT

The Lions collect new and gently used eyeglasses in their collection bins. Volunteers sort, clean and determine the prescription strength of the glasses. The refurbished glasses are then distributed through humanitarian missions to developing nations. There is a collection box located in front of the main office.
