# ST. PAUL'S ROMAN CATHOLIC SEPARATE SCHOOL DIVISION NO. 20

CONSOLIDATED FINANCIAL STATEMENTS

August 31, 2017

#### Management's Responsibility for the Consolidated Financial Statements

The School Division's management is responsible for the preparation of the consolidated financial statements in accordance with Canadian public sector accounting standards and the format specified in the Financial Reporting Manual issued by the Ministry of Education. The preparation of financial statements necessarily involves the use of estimates based on management's judgment, particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

The School Division's management maintains a system of accounting and administrative controls to ensure that accurate and reliable financial statements are prepared and to provide reasonable assurance that transactions are authorized, assets are safeguarded, and financial records are properly maintained to provide reliable information for the preparation of financial statements.

The Board of Education is comprised of elected officials who are not employees of the School Division. The Board is responsible for ensuring that management fulfills its responsibilities for financial reporting and internal control, and for approving the consolidated financial statements. The Board is also responsible for the appointment of the School Division's external auditors.

The external auditors, Deloitte LLP, conduct an independent examination in accordance with Canadian auditing standards and express their opinion on the consolidated financial statements. The accompanying Auditors' Report outlines their responsibilities, the scope of their examination and their opinion on the School Division's consolidated financial statements. The external auditors have full and free access to, and meet periodically and separately with, both the Board and management to discuss their audit findings.

On behalf of the St Paul's Roman Catholic Separate School Division No. 20:

CEO/Director of Education

#### **Independent Auditor's Report**

To the Trustees of the Board of Education of St. Paul's Roman Catholic Separate School Division No. 20

We have audited the accompanying consolidated financial statements of St. Paul's Roman Catholic Separate School Division No. 20, which comprise the consolidated statement of financial position as at August 31, 2017, and the consolidated statements of operations and accumulated surplus from operations, remeasurement gains and losses, changes in net debt and cash flows for the year then ended, and a summary of significant accounting policies and other explanatory information.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **Auditor's Responsibility**

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### **Opinion**

In our opinion, the consolidated financial statements present fairly, in all material respects, the financial position of St. Paul's Roman Catholic Separate School Division No. 20 as at August 31, 2017, and the results of its operations, its remeasurement gains and losses, changes in its net debt and its cash flows for the year then ended in accordance with Canadian public sector accounting standards.

#### 1. AUTHORITY AND PURPOSE

The School Division operates under the authority of *The Education Act, 1995* of Saskatchewan as a corporation under the name of "The Board of Education of the St. Paul's Roman Catholic Separate School Division No. 20" and operates as "the St. Paul's Roman Catholic Separate School Division No. 20". The School Division provides education services to residents within its boundaries and is governed by an elected board of trustees.

The School Division is funded mainly by grants from the Government of Saskatchewan and a levy on the property assessment included in the School Division's boundaries at mill rates determined by the provincial government and agreed to by the Board of Education, although separate school divisions continue to have a legislative right to set their own mill rates. The School Division is exempt from income tax.

#### 2. SIGNIFICANT ACCOUNTING POLICIES

These consolidated financial statements have been prepared in accordance with Canadian public sector accounting standards for other government organizations as established by the Public Sector Accounting Board (PSAB) and as published by the Chartered Professional Accountants of Canada (CPA Canada). Significant aspects of the accounting policies as adopted by the School Division are as follows:

#### a) Basis of Accounting

The consolidated financial statements are prepared using the accrual basis of accounting.

#### b) Reporting Entity and Consolidation

The consolidated financial statements include all of the assets, liabilities, revenues and expenses of the School Division reporting entity. The School Division reporting entity is comprised of all the organizations which are controlled by the School Division and the School Division's share of partnerships.

#### **Partnerships**

A partnership represents a contractual arrangement between the School Division and a party or parties outside the School Division reporting entity. The partners have significant clearly defined common goals, make a financial investment in the partnership, share control of decision making, and share, on an equitable basis, the significant risks and benefits associated with the operations of the partnership.

Partnerships are accounted for on a proportionate consolidation basis whereby the School Division's pro-rata share of the partnership's assets, liabilities, revenues and expenses are combined on a line-by-line basis. The partnership's accounting policies are consistent with the accounting policies of the School Division. Inter-company balances and transactions between the School Division and the partnership have been eliminated.

The School Division has an interest in one partnership:

Humboldt Collegiate Institute – 58.2% (2016 – 58.8%)

#### c) Measurement Uncertainty and the Use of Estimates

Canadian public sector accounting standards require management to make estimates and assumptions that affect reported amounts of assets and liabilities and disclosure of contingent assets

#### 2. SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the year.

Measurement uncertainty that may be material to these consolidated financial statements exists for:

- The liability for future employee benefits of \$5,175,700 (2016 \$4,780,700) because actual experience may differ significantly from actuarial estimations.
- Property taxation revenue of \$47,212,494 (2016 \$47,532,409) because final tax assessments may differ from initial estimates.
- Useful lives of tangible capital assets and related amortization \$7,317,453 (2016 \$7,084,720) because the actual useful lives of the capital assets may differ from their estimated economic lives.

These estimates and assumptions are reviewed periodically and, as adjustments become necessary they are reported in earnings in the periods in which they become known.

While best estimates are used for reporting items subject to measurement uncertainty, it is reasonably possible that changes in future conditions, occurring within one fiscal year, could require material changes in the amounts recognized or disclosed.

#### d) Financial Instruments

Financial instruments are any contracts that give rise to financial assets of one entity and financial liabilities or equity instruments of another entity. A contract establishing a financial instrument creates, at its inception, rights and obligations to receive or deliver economic benefits. The School Division recognizes a financial instrument when it becomes a party to the contractual provisions of a financial instrument. The financial assets and financial liabilities portray these rights and obligations in the consolidated financial statements. Financial instruments of the School Division include cash and cash equivalents, accounts receivable, portfolio investments, accounts payable and accrued liabilities and long-term debt and associated derivatives.

Financial instruments are assigned to one of two measurement categories: fair value, or cost or amortized cost. All of the financial instruments of the School Division are measured at cost or amortized cost except for derivatives which are measured at fair value.

#### i) Fair Value

Fair value measurement applies to financial derivatives. Any associated transaction costs are expensed upon initial recognition. Unrealized changes in fair value are recognized in the Consolidated Statement of Remeasurement Gains and Losses until they are realized, at which time they are transferred to the Consolidated Statement of Operations and Accumulated Surplus from Operations.

Fair value is determined by:

- Level 1 quoted prices (unadjusted) in active markets for identical assets or liabilities;
- Level 2 inputs other than quoted prices that are observable for the asset or liability either directly, (i.e. as prices) or indirectly (i.e. derived from prices); and
- Level 3 inputs for the asset or liability that are not based on observable market data (unobservable inputs).

#### 2. SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

The School Division's derivatives are considered Level 2 measurement.

When a decline in fair value is determined to be other than temporary, the amount of the loss is removed from any accumulated remeasurement gains and reported in the Consolidated Statement of Operations and Accumulated Surplus from Operations.

Foreign currency transactions are translated at the exchange rate prevailing at the date of the transactions. Monetary assets and liabilities, and non-monetary items included in the fair value measurement category denominated in foreign currencies, are translated into Canadian dollars at the exchange rate prevailing at the consolidated financial statement date. Unrealized foreign exchange gains and losses are recognized in the Consolidated Statement of Remeasurement Gains and Losses until they are realized, at which time they are transferred to the Consolidated Statement of Operations and Accumulated Surplus from Operations.

#### ii) Cost or Amortized Cost

All other financial assets and financial liabilities are measured at cost or amortized cost. Transaction costs are a component of the cost of financial instruments measured using cost or amortized cost. For financial instruments measured using amortized cost, the effective interest rate method is used to determine interest revenue or expense. Impairment losses such as write-downs or write-offs are reported in the Consolidated Statement of Operations and Accumulated Surplus from Operations. Gains and losses on financial instruments measured at cost or amortized cost are recognized in the Consolidated Statement of Operations and Accumulated Surplus from Operations in the period the gain or loss occurs.

#### e) Financial Assets

Financial assets are assets that could be used to discharge existing liabilities or finance future operations and are not for consumption in the normal course of operations. Valuation allowances are used where considered necessary to reduce the amounts reported for financial assets to their net realizable value.

**Cash and Cash Equivalents** consist of cash and bank deposits held for the purpose of meeting short-term operating cash commitments rather than for investing purposes.

Accounts Receivable includes taxes receivable, provincial grants receivable and other receivables. Taxes receivable represent education property taxes assessed or estimated owing to the end of the fiscal period but not yet received. Provincial grants receivable represent operating, capital and other grants earned but not received at the end of the fiscal year, provided reasonable estimates of the amounts can be made. Grants are earned when the events giving rise to the grant have occurred, the grant is authorized, and any eligibility criteria have been met. Other receivables are recorded at cost less valuation allowances. These allowances are recorded where collectability is considered doubtful.

**Portfolio Investments** consist of guaranteed investment certificates and are carried at cost. The School Division values its portfolio investments in accordance with its policy for financial instruments, as described in Note 2 (d).

#### 2. SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### f) Non-Financial Assets

Non-financial assets are assets held for consumption in the provision of services. These assets do not normally provide resources to discharge the liabilities of the School Division unless they are sold.

**Tangible Capital Assets** have useful lives extending beyond the accounting period, are used by the School Division to provide services to the public and are not intended for sale in the ordinary course of operations. Tangible capital assets of the School Division include land, land improvements, buildings, buildings – short-term, other vehicles, furniture and equipment, computer hardware and audio visual equipment, computer software, capital lease assets and assets under construction.

Tangible capital assets are recorded at cost (or estimated cost when the actual cost is unknown) and include all costs directly attributable to the acquisition, design, construction, development, installation and betterment of the tangible capital asset. The School Division does not capitalize interest incurred while a tangible capital asset is under construction.

Tangible capital asset costs that are directly paid for by the Government of Saskatchewan on behalf of the School Division, under the joint-use schools project (JUSP) agreement, are valued at the total progress payments made during construction and the present value of the future capital payments discounted to the date the asset is available for use using the Government of Saskatchewan's borrowing rate for long-term debt in effect at the time of signing the JUSP agreement. During construction, the costs of the assets are recognized using the percentage of completion method based on construction progress and are classified as assets under construction.

The cost of depreciable tangible capital assets, net of any residual value, is amortized on a straight line basis over their estimated useful lives as follows:

| Land improvements (pavement, fencing, lighting, etc.) | 20 years   |
|---|------------|
| Buildings   | 50 years   |
| Buildings – short-term (portables, storage sheds,     | 20 years   |
| outbuildings, garages)                                |            |
| Other vehicles  | 5 years    |
| Furniture and equipment                               | 10 years   |
| Computer hardware and audio visual equipment          | 5 years    |
| Computer software                                     | 5 years    |
| Leased capital assets                                 | Lease term |

Assets under construction are not amortized until completed and placed into service for use.

**Prepaid Expenses** are prepaid amounts for goods or services such as insurance, Saskatchewan School Boards Association fees, Workers' Compensation premiums and software licenses which will provide economic benefits in one or more future periods.

#### g) Liabilities

Liabilities are present obligations arising from transactions and events occurring prior to year-end, which will be satisfied in the future through the use of assets or another form of economic settlement.

#### 2. SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

Accounts Payable and Accrued Liabilities include accounts payable and accrued liabilities owing to third parties and employees for work performed, goods supplied and services rendered, but not yet paid, at the end of the fiscal period.

**Long-Term Debt** is comprised of capital loans with initial maturities of more than one year and are incurred for the purpose of financing capital expenses in accordance with the provisions of *The Education Act, 1995.* Long-term debt also includes capital lease obligations where substantially all of the benefits and risks incident to ownership are transferred to the School Division without necessarily transferring legal ownership. The amount of the lease liability recorded at the beginning of the lease term is the present value of the minimum lease payments, excluding the portion thereof relating to executory costs.

Liability for Employee Future Benefits represents post-employment and compensated absence benefits that accrue to the School Division's employees. The cost of these benefits is recorded as the benefits are earned by employees. The liability relating to these benefits is actuarially determined using the projected benefit method pro-rated on service. Actuarial valuations are performed periodically using assumptions including discount rate, inflation, salary escalation, termination and retirement rates and mortality. An actuary extrapolates these valuations when a valuation is not done in the current fiscal year. Actuarial gains and losses are amortized on a straight line basis over the expected average remaining service life of the related employee groups.

**Deferred Revenue from Non-government Sources** represents fees or payments for services received in advance of the fee being earned or the services being performed, and other contributions for which the contributor has placed restrictions on the use of the resources. Revenue from tuition and related fees is recognized as the course is delivered, revenue from facility rentals is recognized as the services are delivered, and revenue from property taxes is earned through the passage of time.

#### h) Employee Pension Plans

The School Division's employees participate in one of the following multi-employer defined benefit plans:

- i) Teachers participate in the Saskatchewan Teachers' Retirement Plan (STRP) or the Saskatchewan Teachers' Superannuation Plan (STSP). The School Division's obligation for these plans is limited to collecting and remitting contributions of the employees at rates determined by the plans.
- ii) Other employees participate in the Municipal Employees' Pension Plan (MEPP). In accordance with PSAB standards, the plan is accounted for as a defined contribution plan whereby the School Division's contributions are expensed when due.

#### i) Revenue Recognition

Revenues are recorded on the accrual basis. Revenues are recognized in the period in which the transactions or events occurred that gave rise to the revenues, provided the amount to be received can be reasonably estimated and collection is reasonably assured.

The School Division's sources of revenues include the following:

#### 2. SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

#### i) Government Transfers (Grants)

Grants from governments are considered to be government transfers. In accordance with PS3410 standard, government transfers are recognized as revenues when the transfer is authorized, all eligibility criteria have been met, the amount can be estimated and collection is reasonably assured except when, and to the extent, stipulations by the transferor give rise to an obligation that meets the definition of a liability. For transfers with stipulations, revenue is recognized in the Consolidated Statement of Operations and Accumulated Surplus from Operations as the stipulation liabilities are settled.

#### ii) Property Taxation

Property tax is levied and collected on a calendar year basis. Uniform education property tax mill rates are set by the Government of Saskatchewan and agreed to by the Board of Education, although separate school divisions have a legislative right to set their own mill rates. Tax revenues are recognized on the basis of time with 1/12<sup>th</sup> of estimated total tax revenue recorded in each month of the School Division's fiscal year. The tax revenue for the September to December portion of the fiscal year is based on the actual amounts reported by the municipalities for the calendar taxation year. For the January to August portion of its fiscal year, the School Division estimates tax revenue based on estimate information provided by municipalities who levy and collect the property tax on behalf of the School Division. The final annual taxation amounts are reported to the division by each municipality following the conclusion of each calendar taxation year, and any difference between final amounts and the School Division's estimates is recorded as an adjustment to revenue in the next fiscal year.

#### iii) Fees and Services

Revenues from tuition fees and other fees and services are recognized in the year they are earned. Amounts that are restricted pursuant to legislation, regulation or agreements with external parties that may only be used in the conduct of certain programs or in the delivery of specific services and transactions are initially recorded as deferred revenue and subsequently recognized as revenue in the fiscal year the related expenses are incurred or services are performed.

#### iv) Interest Income

Interest is recognized on an accrual basis when it is earned.

#### v) Other (Non-Government Transfer) Contributions

Unrestricted contributions are recognized as revenue in the year received or in the year the funds are committed to the School Division if the amount can be reasonably estimated and collection is reasonably assured. Externally restricted contributions are contributions for which the contributor has placed restrictions on the use of the resources. Externally restricted contributions that are to be held in perpetuity are recognized as revenue in the year in which they are received or committed if the amount can be reasonably estimated and collection is reasonably assured. Externally restricted contributions that are not held in perpetuity are deferred until the resources are used for the purpose specified, at which time the contributions are recognized as revenue. In-kind contributions are recorded at their fair value when they are received.

#### j) Adoption of Public Sector Accounting Standards

On September 1, 2016, the School Division adopted Public Sector Accounting standards PS 2200 Related Party Disclosures, PS 3210 Assets, PS 3320 Contingent Assets, and PS 3380 Contractual Rights.

#### 2. SIGNIFICANT ACCOUNTING POLICIES (Cont'd)

Adoption of these standards has not resulted in any disclosure changes except for PS 3380 Contractual Rights. Information on the impact is provided in Note 17.

#### 3. ACCOUNTS RECEIVABLE

All accounts receivable presented on the Consolidated Statement of Financial Position are net of any valuation allowances for doubtful accounts. Details of accounts receivable balances and allowances are as follows:

|                              | 2017       |           |              |           |            | 2016      |    |           |  |  |  |

| Total portfolio investments  | \$ 56,100 | \$ 56,100 |

#### 5. SHORT-TERM BORROWINGS

The School Division has a demand operating line of credit with a maximum borrowing limit of \$28,000,000 that bears interest at prime minus 1.00% per annum. This line of credit is authorized by a borrowing resolution by the Board of Education and is unsecured. This line of credit was approved by the Minister of Education on June 19, 2015. There was no balance drawn on the line of credit at August 31, 2017 (August 31, 2016 - \$0).

#### 6. ACCOUNTS PAYABLE AND ACCRUED LIABILITIES

Details of accounts payable and accrued liabilities are as follows:

#### 8. EMPLOYEE FUTURE BENEFITS

The School Division provides certain post-employment and compensated absence benefits to its employees. These benefits include accumulating non-vested sick leave, severance, and vacation banks. The liability associated with these benefits is calculated based on the present value of expected future payments pro-rated for service and is included in Liability for Employee Future Benefits in the Consolidated Statement of Financial Position. Morneau Shepell Ltd, a firm of consulting actuaries, performed an actuarial valuation as at March 31, 2015 and extrapolated the results to estimate the Liability for Employee Future Benefits as at August 31, 2017.

Details of the employee future benefits are as follows:

Pre-kindergarten is a targeted early intervention program offered to vulnerable children in the community. Each classroom has a maximum of 16 students with a professional teacher and an educational assistant assigned to the classroom. The School Division has 28 (2016 – 28) pre-kindergarten programs in 11 schools.

#### 11. ACCUMULATED SURPLUS

Accumulated surplus represents the financial assets and non-financial assets of the School Division less liabilities. Accumulated surplus is comprised of the following two amounts:

- Accumulated surplus from operations, which represents the accumulated balance of net surplus arising from the operations of the School Division and school generated funds as detailed in the table below; and
- ii) Accumulated remeasurement gains and losses, which represents the unrealized gains and losses associated with foreign exchange and changes in value for financial instruments recorded at fair value as detailed in the Consolidated Statement of Remeasurement Gains and Losses.

Certain amounts of the accumulated surplus from operations, as approved by the Board of Education, have been designated for specific future purposes such as school generated funds, scholarships and future capital asset expenditures. These internally restricted amounts are included in the accumulated surplus from operations presented in the Consolidated Statement of Financial Position. The School Division does not maintain separate bank accounts for the internally restricted amounts.

#### 11. ACCUMULATED SURPLUS (Cont'd)

**PMR Maintenance Project Allocations** represent transfers received from the Ministry of Education as funding support for maintenance projects on the School Division's approved 3 year capital maintenance plans. Unspent funds at the end of a fiscal year are designated for future approved capital plan maintenance project expenditures.

The purpose and nature of each Internally Restricted Surplus is as follows:

- i) Designated for tangible capital asset expenditures are capital grants received or receivable from the Ministry of Education that have not yet been spent on the designated project.
- ii) Claims Fluctuation Reserve is funds withdrawn from the employee benefits plan to offset future costs.
- iii) Board elections is a one-fourth estimate of the future cost of school board trustee elections.
- iv) Financial system upgrade is set aside for an update to the School Division accounting and payroll software in 2017-18.
- v) Holy Family maintenance fund is set aside for future maintenance and repairs to the community space in Holy Family Catholic Elementary School.
- vi) The Humboldt Collegiate Institute allocation is revenues in excess of expenses resulting from the School Division's share of the operations of the school. The school is jointly administered with Horizon School Division No. 205.
- vii) Invitational Shared Services Initiative is a joint program between the School Division and Saskatoon Tribal Council. Grant not spent in the year is required to be set aside for the next year's programming.
- viii) JUSP Planning Grant funds were received from the Ministry of Education and the unspent portion is being set aside to offset future costs associated with the School Division being part of the JUSP planning process.
- ix) Modular Classroom Moves is funding set aside for future modular classrooms relocations.
- x) The Modular Classroom Project Surplus is set aside to offset future costs associated with incompatibility issues with existing units.
- xi) The Saskatoon French School and Oskāyak High School allocations are revenues in excess of expenses resulting from the operations of the respective schools. Both schools are administered by the School Division and work with a council elected by the school community as outlined in the tripartite agreement for each school.
- xii) School Decentralized Budget Carryover is funding set aside for schools to use in the following school year with up to 10% of their current year budget remaining.
- xiii) School Generated Funds are the excess of revenue over expenses from funds collected from school activities at the school level.
- xiv) Scholarship Funds consist of monies donated from third parties that is used to pay scholarships to students based on defined criteria and internally allocated funds set aside as a professional development fund for senior administration.

#### 11. ACCUMULATED SURPLUS (Cont'd)

- xv) Snow removal is funds set aside to offset unanticipated snow removal costs.
- xvi) Technology refresh funds are set aside to update obsolete information technology infrastructure.

#### 13. PENSION PLANS

#### **Multi-Employer Defined Benefit Plans**

Information on the multi-employer pension plans to which the School Division contributes is as follows:

### i) Saskatchewan Teachers' Retirement Plan (STRP) or Saskatchewan Teachers' Superannuation Plan (STSP)

The STRP and STSP provide retirement benefits based on length of service and pensionable earnings.

The STRP and STSP are funded by contributions by the participating employee members and the Government of Saskatchewan. The School Division's obligation to the STRP and STSP is limited to collecting and remitting contributions of the employees at rates determined by the plans. Accordingly, these consolidated financial statements do not include any expense for employer contributions to these plans. Net pension assets or liabilities for these plans are not reflected in these consolidated financial statements as ultimate responsibility for retirement benefits rests with the Saskatchewan Teachers' Federation for the STRP and with the Government of Saskatchewan for the STSP.

Details of the contributions to these plans for the School Division's employees are as follows:

|   |                 | 2016          |                |                |

#### 13. PENSION PLANS (Cont'd)

#### ii) Municipal Employees' Pension Plan (MEPP)

The MEPP provides retirement benefits based on length of service and pensionable earnings.

The MEPP is funded by employer and employee contributions at rates set by the Municipal Employees' Pension Commission.

Every three years, an actuarial valuation is performed to assess the financial position of the plan and the adequacy of plan funding. Any actuarially determined deficiency is the responsibility of the participating employers and employees which could affect future contribution rates and/or benefits.

The contributions to the MEPP by the participating employers are not segregated in separate accounts or restricted to provide benefits to the employees of a particular employer. As a result, individual employers are not able to identify their share of the underlying assets and liabilities, and the net pension assets or liabilities for this plan are not recognized in these consolidated financial statements. In accordance with PSAB requirements, the plan is accounted for as a defined contribution plan whereby the School Division's contributions are expensed when due.

Details of the MEPP are as follows:

|  |    | 2017       | 2016            |
|--|----|------------|-----------------|

#### 14. BUDGET FIGURES

Budget figures included in the consolidated financial statements were approved by the Board of Education on June 27, 2016 and the Minister of Education on August 8, 2016.

#### 15. PARTNERSHIP

The School Division operates Humboldt Collegiate Institute (HCI) under a joint operating agreement between the School Division and Horizon School Division No. 205. The purpose of the partnership is to provide secondary education to the Catholic and Public students of Humboldt and surrounding area. Any distribution (recovery) of annual operating surplus (deficit) is shared between the partners according to their proportionate share of the student population for the given fiscal year.

#### 15. PARTNERSHIP (Cont'd)

The following is a schedule of relevant financial information as stated within the financial statements for the partnership for the year ended August 31, 2017. These amounts represent 100% of the partnership's financial position and activities.

|   | 2017             | 2016             |
|---|------------------|------------------|
| Tangible Capital Assets                               | \$<br>15,513,862 | \$<br>15,900,815 |

| Expenses                | \$<br>(2,134,760) | \$<br>(1,989,709) |

The School Division's allocation of the accumulated balance of net operating surplus including school generated funds arising from the operations of HCI has been included in internally restricted surplus as disclosed in Note 11 – Accumulated Surplus.

#### 16. RELATED PARTIES

These consolidated financial statements include transactions with related parties. The School Division is related to all Government of Saskatchewan ministries, agencies, boards, school divisions, health authorities, colleges, and crown corporations under the common control of the Government of Saskatchewan. The School Division is also related to non-crown enterprises that the Government jointly controls or significantly influences.

#### **Related Party Transactions**

Transactions with these related parties have occurred and been settled on normal trade terms.

#### 18. CONTRACTUAL OBLIGATIONS AND COMMITMENTS

The School Division leases instructional space for its Opening Doors Program from 2PRO Terra Holdings Ltd. On July 20, 2016, the School Division signed a three-year lease extension for the period ending August 31, 2019.

On May 11, 2013 the School Division signed a five-year capital lease with Konica Minolta Business Solutions (Canada) Ltd. The lease is paid through a monthly cost per copy charged. The annual guaranteed minimum number of copies is 21.5 million. On July 17, 2017, the School Division agreed to a one-year extension, expiring on June 30, 2019.

Operating and capital lease obligations of the School Division are as follows:

|  | Operating Leases |                     |    |                   | Capital Leases |                      |    |                  |

#### 19. ACCOUNTING CHANGES

On September 1, 2016, the School Division adopted the following new standards:

- PS 3420 Inter-entity Transactions. This section establishes standards on how to account for and report transactions between public sector entities that comprise a government's reporting entity from both a provider and recipient perspective; and
- PS 3430 Restructuring Transactions. This section establishes how to account for and report restructuring transactions for both the receipt and transfer of assets and liabilities, together with related program or operating responsibilities.

The adoption of the new standards has been on a prospective basis, without restatement of prior period comparative amounts.

The adoption of the new standards has not resulted in any changes to the measurement, recognition, or disclosure of the School Division's inter-entity transactions. During the year, the School Division did not have any restructuring transactions.

#### 20. JOINT-USE SCHOOLS PROJECT AGREEMENT

In August 2015, the Government of Saskatchewan entered into a 32 year public-private partnership with Joint Use Mutual Partnership (JUMP) to design, finance, build and maintain the following schools on behalf of the School Division:

- St. Kateri Tekakwitha Catholic School Stonebridge (Saskatoon)
- St. Thérèse of Lisieux Catholic School Rosewood (Saskatoon)
- St. Lorenzo Ruiz Catholic School Hampton Village (Saskatoon)
- St. Nicholas Catholic School Evergreen (Saskatoon)
- Holy Mary Catholic School Martensville
- Holy Trinity Catholic School Warman

The Government of Saskatchewan will be responsible for all capital, maintenance and operating payments over the term of the public-private partnership agreement with ownership of the schools vesting with the School Division. Under the Accountability Agreement between the Government of Saskatchewan and School Division, the School Division receives the benefit of payments made by the Government of Saskatchewan. Therefore, during period of construction, the School Division will record capital grant revenue from the Ministry of Education and tangible capital assets on the percentage of completion basis.

#### 21. RISK MANAGEMENT

The School Division is exposed to financial risks from its financial assets and liabilities. These risks include credit risk, liquidity risk and market risk (consisting of interest rate risk and foreign exchange risk).

#### i) Credit Risk

Credit risk is the risk to the School Division from potential non-payment of accounts receivable. The credit risk related to the School Division's receivables from the provincial government, federal government and their agencies are considered to be minimal. For other receivables, the School Division has adopted credit policies which include close monitoring of overdue accounts. The School Division does not have a significant exposure to any individual customer. Management reviews accounts receivable on a case by case basis to determine if a valuation allowance is necessary to reflect impairment in collectability.

The aging of provincial grants and other accounts receivable at August 31, 2017 was:

|                   | August 31, 2017 |             |            |       |               |       |     |            |  |

#### ii) Liquidity Risk

Liquidity risk is the risk that the School Division will not be able to meet its financial obligations as they come due. The school division manages liquidity risk by maintaining adequate cash balances, budget practices and monitoring and forecasts. The following table sets out the contractual maturities of the School Division's financial liabilities:

#### iii) Market Risk

The School Division is exposed to market risks with respect to interest rates and foreign currency exchange rates, as follows:

#### **Interest Rate Risk**

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The School Division's interest rate exposure relates to cash and cash equivalents and long-term debt. The School Division also has an authorized bank line of credit of \$28,000,000 with interest payable monthly at a rate of prime minus 1.00%, which was approved by the Ministry of Education on June 19, 2015. Changes in the bank's prime rate can cause fluctuation in interest payments and cash flows. There was no balance outstanding on this credit facility as of August 31, 2017 (2016 - \$0).

The School Division minimizes these risks by:

- holding cash in an account at a Canadian bank, denominated in Canadian currency
- investing in GICs and term deposits for short terms at fixed interest rates
- managing cash flows to minimize utilization of its bank line of credit
- managing its interest rate risk on long-term debt through the use of fixed rate terms and derivatives consisting of a long term financial instrument created by interest rate swap agreements on variable interest debt.

#### **Foreign Currency Risk**

Foreign currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates.

The School Division is exposed to currency risk on purchases denominated in U.S. dollars for which the related accounts payable balances are subject to exchange rate fluctuations; however, this risk is minimal as the School Division does not make a significant amount of purchases denominated on a foreign currency. As at August 31, 2017 the School Division had accounts payable of \$0 (2016 - \$50).
