

GREATER SASKATOON CATHOLIC SCHOOLS

ANNUAL BUDGET

SEPTEMBER 2017 – AUGUST 2018

GREATER
SASKATOON
CATHOLIC
SCHOOLS

BOARD OF EDUCATION

Greater Saskatoon Catholic Schools' Board of Education consists of 10 elected trustees. Seven at-large trustees represent Saskatoon, and one trustee represents each of our three subdivisions: rural areas around Saskatoon, including Martensville and Warman (Subdivision 1); Humboldt (Subdivision 2); and Biggar (Subdivision 3).

Board of Education members at September 1, 2017 are:

Saskatoon	Ron Boechler
Saskatoon	Diane Boyko (Board Chair)
Saskatoon	Jim Carriere
Saskatoon	Tom Fortosky
Saskatoon	Tim Jelinski
Saskatoon	Alice Risling
Saskatoon	Sharon Zakreski-Werbicki
Saskatoon Rural (Subdivision 1)	Wayne Stus
Humboldt (Subdivision 2)	Debbie Berscheid
Biggar (Subdivision 3)	Todd Hawkins

D. Berscheid

R. Boechler

D. Boyko

J. Carriere

T. Fortosky

T. Hawkins

T. Jelinski

A. Risling

W. Stus

S. Zakreski-Werbicki

At Greater Saskatoon Catholic Schools, we are . . .

ROOTED IN FAITH

- We see God in all things.
- Our schools are communities of faith, hope and love.
- Our faith is living and growing.

Growing in Knowledge

- We strive to have each student attain academic excellence, based on each one's God-given talents.
- Students discover how their faith is part of learning and of life.
- Our young people grow in freedom and responsibility.

Reaching Out ... to Transform the World

- All are welcome, especially those most in need.
- We reach out to transform our world.

GREATER SASKATOON CATHOLIC SCHOOLS BUDGET 2017-18

The development and oversight of the budget for Greater Saskatoon Catholic Schools is one of the primary functions of our Board of Education. Trustees, who are elected from the community, bring forward the local community's needs and interests into the budget and all aspects of the school division's work.

Budget preparation is always a challenging process because we see many more needs and more ways that we can improve the educational experience for the children and youth that we are honoured to serve. However, the preparation of the 2017-18 budget has been the most challenging in recent memory. The resources allocated to the board are fewer than the previous year despite the fact the division is growing by 548 students and operating six additional schools. On a per-student basis, our funding dropped 3.9% from last year. This reality means that the division is not able to continue offering the same supports and services as the past years. These are significant challenges as these services and supports have been appreciated by families and have contributed to the educational outcomes of our students. Within this reality, we have tried very hard to minimize the impact in the classroom. To be clear, however, everything that we do is geared to support the classroom. As a result, all changes *do* impact the classroom.

In approaching the setting of budget this year, a major theme is the spreading of existing resources to cover more demand. The majority of our budget shortfall was addressed through this approach. Significant changes to transportation and administration also account for a large portion of the changes. The third main area was some reductions to school-based programs and supports. These decisions were very difficult and I want to thank my fellow trustees as well as administration for their hard work during this process.

In conclusion, challenging though this process has been, the dedication of our families and staff to Catholic education has been very evident. As has been our approach for the past 105 years, with the guidance of the Spirit, these resources will be put to the best use possible in service of each of the almost 18,000 students in our schools next year.

In Catholic education,

D. Boyko
Chair

GREATER SASKATOON CATHOLIC SCHOOLS BUDGET 2017-18

Those involved in public service—particularly human services—work in a constant state of tension. The tension stems from serving the needs of people with a limited set of resources to perform those services. Needs outstrip resources. In education, this tension tends to be particularly acute as we journey with children and families over a period of 13 years. Our service understands the vital need to invest early and respond to the wide variety of needs of our community's children. We strive to respond to as many of those needs as we possibly can to keep our children healthy and develop all of their God-given gifts and talents.

The budget-setting process brings into sharp relief the degree of this tension. This year, that tension is much more pronounced. This budget allocates the estimated revenue of \$179,172,269 for the school division which represents a decrease from the previous year. However, the needs of the school division are increasing significantly as we look to welcome 548 more students next year and operate our six new schools. This budget, then, cannot respond to as many needs as previous years. The board and administration, with the guidance of various committees and groups, worked very hard to achieve balance while meeting as many needs as possible.

Actualizing this budget and keeping our focus on providing the best Catholic education possible becomes all of our work as we move into next year. In particular, I know that the dedication of our staff to the mission of Catholic education has served our students well in the past, and will continue to serve them well next year and well into the future.

In Catholic education,

Greg Chatlain
Director of Education/CEO

GREATER SASKATOON CATHOLIC SCHOOLS BUDGET 2017-18

As the 2017-18 budget was prepared, the board was continually challenged to ensure adequate financial resources are allocated strategically to maintain and improve the faith-filled learning environments in our schools.

The 2017-18 budget shifts sufficient resources to provide 38 teaching staff to welcome an estimated 548 additional students and operate six additional elementary schools for 2017-18. The shift to allow additional classroom teachers will ensure the Average Classroom Loading (ACL) for elementary remains unchanged. Greater Saskatoon Catholic Schools (GSCS) will serve a projected 17,973 students in 2017-18. The shift of resources is achieved through the reduction of previous levels of supplies, supports and services.

Provincial Budget

The provincial government will receive an additional 8.1% of Education Property Tax (EPT) revenue in 2017. This increase in revenue is contributed to the growth in property tax assessment and changes to the provincial property tax mill rate. The increase of \$56 million in provincial revenue will not be provided to school divisions.

The provincial government reduced pre-k to Gr. 12 education funding by \$54 million or 2.8% for 2017-18. The reduction in funding for GSCS is \$5.98 million compared to the 2016-17 school year.

The provincial growth of an estimated 2,000 students and 20 new schools will be funded by reallocating current student funding. The estimated funding that should have been added to the sector for the provincial growth is \$30 million. The net shortfall in the education sector is \$84.2 million not including other inflationary and contractual increases.

GSCS will receive funding for the projected 548 additional students and six new schools. The \$4.7 million in additional revenue will be reallocated from existing funding within the sector resulting in a decrease in per student funding for all students. The reduction in GSCS per-student funding for 2017-18 will be 3.9% compared to 2016-17, or about \$400 less per student.

The net change in our operating funding is a reduction of \$1.2 million.

*Adjusted For Inflation

Budget Development

The overall shortfall for GSCS when building budget was \$9.7 million. This looks very different from the \$1.2 million change in operating funding. This difference is created by an overall reduction to per student funding (\$6.6 million), contractual increases with vendors (\$600,000), staff experience increments (\$645,000), and inflation increases which include PST (\$538,000). The \$9.7 million would have been required to open six new schools, welcome 548 more students, and keep the educational service levels the same as 2016-17. The majority of the \$9.7 million was achieved by reassigning resources within the division.

Governance Expenditures

The governance budget will be reduced by 32% compared to 2016-17. The reductions include election expenses, trustee remuneration, and travel. Governance expenditures will be 0.3% of the overall school division expenditures.

Administration Expenditures

Support staff allocations at the board office will be reduced by 9.0% or 5.0 FTE compared to 2016-17. Instructional staff assigned to the board office will be reduced by 31% or 11.0 FTE. Administration expenditures will be 2.6% of the overall school division expenditures down from 3.7% in 2016-17.

Instructional Staffing

The overall teaching allocations will be increased by 7 teachers. Due to the provincial funding rollback, 43 existing teaching positions will be reassigned to support enrolment growth and six new schools. We are able to maintain stable classroom loads and accommodate growth by opening 38 more elementary classrooms largely because of the significant work to reduce expenditures and shift resources.

Centrally held coordinator budgets used to support staff and students will be reduced by 10%. Allocations will remain to continue work within the areas of focus.

Supportive Instruction Staffing

The overall supportive instructional staff will be decreased by 5% in 2016-17. The decrease is a combination of reductions in many areas, with the most significant being the discontinuance of the Aboriginal Student Retention Worker positions. Employees currently working in permanent supportive instructional staff positions will remain employed next year but some employees will be asked to assume different roles.

Instructional expenditures will be 76.2% of the overall GSCS budget.

Transportation

Each school division in the province will receive a set amount of funding for transportation based on a provincial funding model. With a new provincial funding model now in place, we need to bring transportation expenditures in line with funding. We can no longer afford to maintain our current level of service, so we need to make some tough decisions around transportation for next year.

GSCS will continue to work with public school divisions to transport students jointly and continually look for transportation efficiencies to reduce costs.

Plant

Utility expenditures for facilities will increase by 8% due to the opening of six new schools (8%), PST (1%), power rate increase, and additional usage. The provincial funding rollback forced a reduction of 10 caretakers in existing facilities. Due to the opening of the six schools, those 10 caretaking positions will be relocated to the new schools.

PST

GSCS is now required to pay PST on insurance, nutritional supplies and health benefits for employees. The combination of a PST rate increase and the removal of the exemptions will cost the school division an estimated \$340,000 in 2017-18.

Conclusion

The 2017-18 Operating and Capital Budget allocates the resources required to offer a high quality faith-filled learning environment for all students. The budget estimates of revenue and expenditures for 2017-18 are as follows:

Total Estimated Revenue	\$ 179,172,269
Total Estimated Expenditure	\$ 179,172,269
	\$ <u>-0-</u>

PRINCIPLES FOR DEVELOPING BUDGET ESTIMATES

Greater Saskatoon Catholic Schools' Board of Education establishes its annual budget estimates to set the division on a path to accomplish its stated mission. Specifically, the following principles shall be applied to the work in establishing budget estimates:

- Expenditures will reflect current reality and future opportunities.
- Catholic identity is our foundation, and as such, our faith must be actively nurtured.
- Excellence in learning is a hallmark of Catholic education, and efforts to achieve excellence are required.
- A holistic Catholic education inspires all to serve others and transform our world. Efforts to imbue social justice through Catholic social teaching in all facets of this endeavour is necessary.
- Mutual responsibility guided by sustainable programs and services that support a broad range of factors is required for student achievement.
- Accountability through respectful and collaborative working relationships with stakeholders to ensure that the principles are reflected through actions and decisions. Seek opportunities to engage stakeholders.
- Transparency where decisions are supported by evidence-based written policies that are consistently applied and easily understood.
- Equity through decisions that support all students in reaching their full potential.
- Stability through decisions that endeavor to provide the flexibility to deal with periods of economic stability, growth and decline.
- Seek opportunities to work with other organizations to reduce costs.

GUIDELINES FOR DEVELOPING BUDGET ESTIMATES

- Expenditures will reflect current and projected reality: student enrolment is projected to increase by 548 students for 2017-18. This is a 3.14% increase in total enrolment compared to September 30, 2016. Priority will be placed on opening/staffing sufficient classrooms to respond to this demographic growth, thereby maintaining actual classroom loadings (ACL).
- Provisions will be made for revenues and expenditures required for the implementation of the priorities and goals of the Board of Education, including the Areas of Focus (connected to the Education Sector Strategic Plan).
- Provisions will be made for revenues and expenditures required to meet the annual objectives of each service department – particularly as it pertains to the actualization of board goals and priorities (Areas of Focus).
- Provisions will be made for revenues and expenditures required for the implementation and actualization of the Ministry of Education and locally determined course curricula. Specifically for 2017-18: elementary Religion Program and high school Catholic Studies Courses.
- Prepare estimates that achieve a balanced budget.
- Prepare estimates that align transportation expenditures with revenue.
- Allowances will be made for similar levels of facilities maintenance and renewal as the previous years. Allocations to enable maintenance and Preventative Maintenance and Renewal programs should be in place. Continue provisions that move towards more sustainable energy usage and increased efficiencies.
- Allowances will be made to facilitate the expectations of the business continuity plan and maintenance of informational technology infrastructure.
- Budget estimates will be adjudicated by Executive Council prior to presentation to the Board of Education.
- Supplementary statements will be prepared consisting of statistical data on school enrolment, personnel requirements, additions to and changes in programs, explanations of the contents under each budgetary category, distribution of costs among defined school activities, and other supporting data.

FINANCIAL SUMMARY

Budgeted revenues and expenses are as follows for the 2017-18 school year:

REVENUES				
	Budget 2017-2018	Budget 2016-2017	\$ Change	% Change
Property Taxes (Note 1)	52,227,118	48,864,948	3,362,170	6.9%
Grants (Note 2)	117,987,612	190,504,598	(72,516,986)	-38.1%
Tuition and Related Fees (Note 3)	2,345,731	2,064,499	281,232	13.6%
School Generated Funds (Note 4)	3,543,919	4,236,755	(692,836)	-16.4%
Other (Note 5)	1,305,365	1,268,103	37,262	2.9%
Complementary Services (Note 6)	1,762,524	1,816,152	(53,628)	-3.0%
Total Revenues	179,172,269	248,755,055	(69,582,786)	-28.0%
EXPENSES				
Governance (Note 7)	558,855	821,892	(263,037)	-32.0%
Administration (Note 8)	4,817,046	6,752,285	(1,935,239)	-28.7%
Instruction (Note 9)	137,732,792	134,968,156	2,764,636	2.0%
Plant (Note 10)	29,214,535	23,653,593	5,560,942	23.5%
Transportation (Note 11)	8,446,550	8,309,784	136,766	1.6%
Tuition and Related Fees (Note 12)	10,000	-	-	100.0%
School Generated Funds (Note 13)	3,543,919	4,278,755	(734,836)	-17.2%
Interest and Bank Charges (Note 14)	1,791,669	1,867,689	(76,020)	-4.1%
Complementary Services (Note 15)	1,838,748	2,462,726	(623,978)	-25.3%
Total Expenses	187,954,114	183,114,880	4,839,234	2.6%
(Deficit) Surplus	(8,781,845)	65,640,175	(74,422,020)	-113.4%

Note 1: Property tax increase is due to a projected increase in taxable assessments and an increase in the EPT rate.

Note 2: Operating grant decrease of \$1.2 million and a reduction of capital grants for the new P3 schools

Note 3: Increase is due to a projected increase in enrolment for the International Student Program.

Note 4: Projected decrease in school generated funds activity due to reduction in fundraising activity at the school level.

Note 5: Increase in food sales revenue.

Note 6: No changes to pre-kindergarten programming projected.

Note 7: Decrease is due to a reduction in provincial funding and new conditionality.

Note 8: Change in Administration due to reclassification of staff from Administration to Instruction and an overall 9.0% reduction in board office support staff.

Note 9: Increase in Instruction a result of additional teaching staff for the new P3 schools. Computer software of \$415,000 reclassified to Instruction from Capital.

Note 10: \$5.54 million increase in Plant comprised of \$2.96 million in amortization, primarily due to new P3 schools; \$1.20 million P3 Maintenance and Life Cycle; \$0.43 million PMR; \$0.50 million electricity; \$0.15 million water; \$0.10 million insurance premiums.

Note 11: Overall decrease a result of contracted increase of 8% and reduction of routes for the 2017-18 school year.

Note 12: Tuition student attending a school outside of school division boundaries.

Note 13: Projected decrease in school generated funds activity due to reduction in fundraising activity at the school level.

Note 14: Decrease in interest expense as principal is repaid on various capital projects approved by the Ministry of Education.

Note 15: Decrease in expense due to discontinuing noon transportation and incorporating pre-kindergarten students on regular transportation routes.

Additional cash flow requirements for the upcoming budget year are as follows:

	Budget 2017-2018	Budget 2016-2017
Total Revenues	179,172,269	248,755,055
Total Expenses	187,954,114	183,114,880
Surplus (Deficit)	(8,781,845)	65,640,175
<i>Tangible Capital Asset:</i>		
Purchases (Note 1)	(889,373)	(71,013,390)
<i>Long-Term Debt:</i>		
Debt Repaid	(1,831,013)	(2,068,301)
<i>Employee Future Benefits:</i>		
Expected Cash Payments	(352,200)	(300,000)
<i>Non-Cash Items:</i>		
Amortization (Note 2)	11,179,829	6,802,962
Employee Future Benefits	717,500	672,200
<i>Reserves:</i>		
(Contribution to) draw from Operating	(42,898)	266,354
Surplus (Deficit)	-	-

Note 1: Decrease from prior year due to completion of P3 school, the reclassification of software costs to Instruction and a reduction in equipment purchases.

Note 2: Increase in amortization due to amortization of P3 schools project assets.

Additional detail is presented in the appendices. The 2017-18 budget affects many areas across the school division.

LEARNING SERVICES

Areas of Focus

Greater Saskatoon Catholic Schools (GSCS) has aligned our areas of focus with the Education Sector Strategic Plan.

In response to the focus on literacy and early intervention, we continue to offer resources, training and support for the implementation of Levelled Literacy Intervention in all elementary schools. Also, in response to this focus, speech and language support will be provided to students in kindergarten to Grade 3 and students with intensive needs.

Through the collection of division data, we recognize that First Nations and Métis students are not performing at the same level as their non-First Nations and Métis peers. Research demonstrates a strong correlation between Grade 3 reading levels and graduation rates. The disaggregation of reading and graduation rates for First Nations and Métis students allows us to monitor and respond in a targeted way.

Religious Education

We will continue to support staff in their faith journeys by offering the Understanding Your Faith workshops, the Faith Mentorship Program and annual staff retreats. We will provide support to our high school chaplains and faith facilitators at the elementary level. We are planning to implement new religion resources at the Gr. 3 level this year. Division personnel continue to support the implementation of the renewed Catholic Studies curriculum for Grades 9 - 11.

Early Learning

Providing high-quality planned experiences for children through play is an important component of our early learning programing. Early Learning educators and school administrators will continue to focus on emerging

literacy in all pre-kindergarten and kindergarten classrooms through professional development which will include community of learners site visits. Other work in early learning will include action research on job-embedded speech and language supports in two schools and the purchase of additional books for classroom libraries. With the opening of the new P3 schools and childcare centres, the early learning team and school staff will collaborate with the new childcare operators and other school partners in creating new possibilities for families and children in these new facilities.

Reading, Writing and Mathematics

Professional learning opportunities will be focused on high-impact strategies outlined within the Student Learning Model in the areas of reading, writing and mathematics. Professional learning support includes a focus on the following:

Assessment to inform instruction;

- High impact literacy and mathematics strategies;
- Small group, targeted literacy and mathematics instruction;
- Improving outcomes for First Nations, Métis and Inuit learners;

Classroom libraries for Grades 1, 2 and 3 will continue to be built in order to support student access to high-quality literature.

Grade 4, 7 and 9 teachers will be provided professional learning on the use of common writing rubrics, calibrated writing assessment and the use of researched-based instructional strategies.

Teacher-developed combined-grade mathematics resources will continue to be implemented to support the effective use of environment, curriculum, assessment and instruction within combined-grade classrooms.

Grade 5 teachers will be provided professional learning on the use of common mathematics rubrics, calibrated assessment in the area of number and the use of researched-based instructional strategies.

Student Services

We will continue to support and work with school teams to align the work of professional and paraprofessional staff within the division's Student Learning Model in the areas of academics and behaviour through professional learning opportunities and team meetings. Coordinators and consultants will meet regularly with school teams to respond to the diverse learning needs in our classrooms. As a growing division, the diversity in our classrooms continues to be a challenge with the growing number of English Language Learners and students with intensive needs.

GSCS continues to work collaboratively with our community partners to meet the needs of students within the school setting and the community. In response to the time needed for school division participation in the HUB, we continue to have division representation at the HUB table. Our school division also collaborates with various community organizations through the Community Threat Assessment Support Protocol to support students at risk.

English as an Additional Language (EAL)

The budget allocation for EAL will be used to provide appropriate programming and support for students within the context of their neighbourhood school. Some of this support will occur within the regular classroom—the Student Learning Model's Quality Core Instruction or Plus adaptations in the classroom setting. We also offer more focused instruction and support outside the classroom by itinerant EAL teachers in our elementary schools. In 2017-18, we will allocate 10% less EAL teachers with an increase in our EAL students. We will be revising our current model of delivery allowing us to continue providing support for our newcomer students.

In our high schools, we are supporting students in the acquisition of EAL credit courses as well as regular credit courses in both congregated and non-congregated class settings in an effort to maintain and increase graduation rates. Due to the short time that students have to attain their high school standing and graduation, we have not decreased our support in this area.

With our adjusted EAL allocation, we will continue to provide a part-time registration/reception center in an effort to more accurately register and support our students with appropriate programming. Accurate registration is significant in reporting to the ministry. It also ensures that students have the appropriate government documentation to determine whether the students are tuition paying students or non-tuition students.

First Nations, Métis and Inuit Education

The 2017-18 Greater Saskatoon Catholic Schools budget provides resources to support the First Nations, Métis and Inuit Education (FNMI) plan focussed on supporting FNMI learners through the provision of supports for learning, Indigenizing the curriculum and enhancing collaboration with FNMI families and community.

The 2017-18 budget supports the implementation of balanced literacy at St. Frances Cree Bilingual School. First Nations, Métis and Inuit themes, content and perspectives will be enhanced through targeted initiatives to support kindergarten to Gr. 3 classrooms in treaty and Métis education and the development of place-based learning resources. Grade 7- 9 FNMI students will have opportunity to develop writing skills and cultural competencies. The project that supports high school teachers to develop culturally responsive and relational pedagogies will continue.

FNMI family and community collaboration will be enhanced through the development of community partnerships and a FNMI family learning supports and advocacy strategy. The Aboriginal Student Achievement Coordinators will collaborate with community partners to support FNMI student resilience, retention and success. In partnership with Central Urban Métis Federation Inc., GSCS will continue to deliver a Métis education program at St. Michael's Community School.

GSCS, in collaboration with the Saskatoon Tribal Council, will further the development of the Social Paediatrics Program and the St. Frances Cree Bilingual Program. Greater Saskatoon Catholic Schools will host community events including a feast and round dance as well as a powwow. First Nations,

Métis and Inuit Education initiatives aim to close the outcomes gap for FNMI students and to ensure that our school division is more responsive to First Nations, Métis and Inuit students, families and communities.

FACILITY CONSTRUCTION AND RENEWAL

Six New Schools Opening in September 2017

Greater Saskatoon Catholic Schools will be opening six new schools in September 2017. Martensville will see a Catholic school built in the Lake Vista development area. Saskatoon will see four new Catholic schools built in Evergreen, Hampton Village, Stonebridge, and Rosewood. In addition, the City of Warman will see a Catholic school open in the newly developed Traditions area (Northwest sector).

As our students and families move into these new schools, we will continue to add furniture and equipment to meet the goals of 21st century learning.

New Capital Projects

The St. Frances Cree Bilingual program is Greater Saskatoon Catholic Schools number one priority for renovation or replacement. The school division will continue to work with our community and the Ministry of Education to ensure the academic needs of the students through a modernized facility. St Frances is currently ranked second on the Ministry of Education's priority list for future major capital funding.

Preventative Maintenance and Renewal

The school division was allocated \$2.85 million for preventative maintenance and renewal (PMR) in 2017-18, a 15% increase over 2016-17. A large portion of our PMR budget goes toward roofing projects and mechanical upgrades. As a great number of our schools are 50 years or older in age, they require continual upgrading. Safe, functional and modernized facilities assist in achieving the board's goal of creating schools as centres of learning.

Other Facilities Projects

In addition to the \$2.85 million in PMR funding, the school division will be spending an additional \$2.3 million on minor facility improvements across the division. Included in the facility improvement budget is a LED-lighting retrofit plan that will replace all lighting in our school gymnasiums. The new lighting systems will reduce power consumption by an estimated 50% compared to existing lighting.

INFORMATION TECHNOLOGY

The 2017-18 technology budget will allow our division to upgrade Wi-Fi infrastructure, upgrade teacher computers, service our servers, renew our licensing software, upgrade our phone system, and repair equipment. Increased bandwidth in many of our schools, along with improved wireless

access, will allow teachers to utilize technology as a tool for improving student outcomes. The IT department continues to implement and monitor service levels to end users. Key targets identified in mini-kaizen events identify ways in which the department can better streamline service to schools.

The Educational Technology Team continues to work with our teachers to maximize the curricular outcomes using the technology currently in our

schools. Cyber School—our online and distance learning program—will continue to work closely with the Educational Technology Team in developing online resources for elementary teachers. By June 2018, Grades 5 - 8 mathematics, English language arts, social studies, science and religion will be available to teachers. The 2017-18 technology budget is the same as the 2016-17 fiscal-year budget.

TRANSPORTATION

The transportation budget for 2017-18 is \$8,446,550. The school division will transport a projected 4,283 students on 155 routes daily during the 2017-18 school year. The transportation budget allocation will accommodate enrolment growth and the new French immersion programs at St. Peter School and École Holy Mary in Martensville. The budget allocations will ensure that urban ride times remain within 60 minutes. Students who reside in designated neighborhoods outside of 1.2 km of their school will continue to be offered transportation.

Greater Saskatoon Catholic Schools and Saskatoon Public Schools agreed on a transportation memorandum of understanding to find combined transportation efficiencies. Students from the public and separate systems will ride together on buses on four routes within Saskatoon. Two of the new joint schools will be bused with the neighbouring public schools by double looping buses.

Students attending the new schools in Warman and Martensville will be jointly bussed with Prairie Spirit School Division. This option allows students from both the rural and urban areas to attend the Catholic school within their attendance area. Considerable savings were achieved by not operating two transportation systems.

To align transportation expenses with revenue, a change was required with the level of transportation services the school division provides. The changes include an increase in the walking distance to be eligible for busing from 0.8 km to 1.2 km. Other changes include the elimination of noon busing for pre-kindergarten and kindergarten programs. All six of the new schools opening September 2017 will be jointly bussed or double looped with other schools to achieve maximum efficiency.

The Ministry of Education implemented a new distribution model for transportation funding. The school division received a decrease in transportation funding compared to 2016-17. The projected shortfall in transportation for 2017-18 is \$1.5 million, which includes \$1 million in efficiency savings and service level reductions. The shortfall has a significant impact on all other expense areas due to the shortfall being funded through the reallocation of instructional resources.
