### KINDERGARTEN PARENTAL WAIVER

First Student makes a concerted effort to select bus stop locations that are as safe as possible for each student. On routes, stops are located at the student's address or the nearest accessible point to the address. Cul-de-sacs, private roadways, and dead-end streets often necessitate locating a bus stop at a point other than the home address. When kindergarten students are brought home from school it is important to have an adult or guardian at the bus stop. Your bus driver will watch over your child as they leave the kindergarten bus each day. If a parent or guardian is not present to receive the child, the driver will not leave the student unattended unless a *Kindergarten Parental Waiver* has been completed and is on file with First student. If First student does not have a Waiver and a parent or guardian is not present, the driver will return the student to the school where the parent or guardian will be called to come pick them up. If you feel that your kindergarten student can get off without having a parent or guardian present, please complete this form. If First Student does not have a completed waiver in their possession, your student will not be dropped off unattended. Thank you for assisting us in our goal to keep the safety of the students as our number one priority.
