IN THE BEGINNING

CHORUS:

There's a school that we know,
And that's where we all go,
And we're all there by nine,
So we can form our lines.

Then we go to our rooms,
And sit quietly in our desks,
Now we'll tell you about,
Just why we are the best.

For St. Mark is the very best place,
Just to see a smiling face,
It's a school we can call home base,
All because of its warmth and grace,
And we've just begun to state our case of
St. Mark,

There's a principal we know,
who shovels all the snow,
Mr. Phaneuf is his name,
He's the best one in this game.

Mrs. Early teaches K,
And seven and eight along the way,
And she's new to us this year,
But she adds a lot of cheer.

CHORUS

Four, five and six are all in one,
And they all shine like the sun,
But they say there is no other,
Like their precious Mrs. Fairbrother.

Another new face in the hall,
To St. Mark's she was called,
Mrs. Coffin with her two's and three's,
Try to work like buzzing bees.

CHORUS

Miss Omelan has one and two,
And to her they all are true,
Music teaching is her thing,
As she teaches us all to sing.

Teacher aides we have are two,
Without them we could not do.
Mrs. Harder and DiIorio,
And their jobs they sure do know.

CHORUS

All the V.I.P.'s are here,
And we give them all a cheer,
And we thank you for St. Mark,
Which has made a super start.

Home room mothers are a treat,
And their help just can't be beat,
All our praise they do deserve,
When they cook and sew and serve.

CHORUS

Sr. Pauline and Fr. Bill,
Come to school to do God's will.
Second Thursdays they are here,
To remind us that God is near.

This is the story up to date,
And only God predicts our fate,
But we hope it will turn out well,
Cos St. Mark School is so swell.

CHORUS
